

- Legend**
- APPROXIMATE Proposed Land Allocation Site
  - Proposed Land Allocation Sites
  - Residential
  - Vacant plot
  - Water body
  - Barren land
  - Very high predicted snow depth
  - High predicted snow depth
  - Average predicted snow depth
  - Low predicted snow depth
  - Very low predicted snow depth
  - Suspected minefield
  - Minefield under clearance
  - Cleared minefield
  - Avalanche risk area
  - 100 year flood zone
  - Barren land
  - Residential land
  - Vacant plots
  - Water body
  - International boundary
  - PROVINCIAL BOUNDARY
  - District boundary
  - Airport
  - Hospital
  - Health Centre
  - Clinic
  - Intermediate river
  - Less major river
  - Major river
  - National highway
  - District road
