Multi-Sectoral Dashboard for Humanitarian Response Services (March 2023)

Based on data extracted from ReportHub, the number of people reached with different services decreased from 16.4M in February 2023 to 10.3M in March 2023. In March, a total of 254 projects were active, 46 of which catered to COVID-19 response. The WASH Cluster reported the highest number of people reached with services (4.6M). The Health Cluster has the most active projects (98) and reported the highest number of locations/sites where different health activities have been conducted (5,755), while Water is reported to be addressed by WASH Cluster partners with 510 services/activities mostly to the Drought Affected Non Displaced (Response)-Urban or Peri-Urban.

This dashboard aims to assist humanitarian actors in Afghanistan by helping them to identify patterns, trends, and gaps in their responses. This information can be used by partners to inform their decisions related to either re-aligning, re-programing, or planning their projects and activities.

**KEY FIGURES***

- **10.3M** People reached with different services
- **4.6M** People reached with COVID-19 response
- **4.2M** People reached with non-COVID-19 health activities
- **25%** People reached with basic WASH
- **75%** People reached with protection
- **99%** People reached with S-NFI
- **90%** People reached with Sanitation
- **75%** People reached with food assistance and nutrition
- **60%** People reached with WASH
- **90%** People reached with basic Education
- **86%** People reached with basic Hygiene
- **60%** People reached with basic Health

**PEOPLE REACHED by CLUSTER/WORKING GROUPS**
- Total number of beneficiaries reached:
  - Health 2.6M
  - Protection 1.1M
  - Food Assistance 1.1M
  - WASH 1.0M
  - S-NFI 493K
  - Education 413K
  - Mobility 86K
  - Mental Health and Psychosocial Support (MHPSS) 401K

**BENEFICIARIES REACHED/ACTIVITY TYPE and CORRESPONDING NUMBER of PROJECTS**

- Food Assistance: 202 projects, 6.1M beneficiaries
- WASH: 178 projects, 4.2M beneficiaries
- Protection: 130 projects, 2.4M beneficiaries
- S-NFI: 80 projects, 882K beneficiaries
- Education: 104 projects, 903K beneficiaries
- Mobility: 46 projects, 277K beneficiaries
- Mental Health and Psychosocial Support (MHPSS): 28 projects, 253K beneficiaries

**NUMBER and TYPE of ORGANIZATIONS by CLUSTER/WORKING GROUP**

- Health: 36 NGOs, 35 UN Agencies, 7 Red Cross & Red Crescent Movement
- Protection: 38 NGOs, 35 UN Agencies, 7 Red Cross & Red Crescent Movement
- Food Assistance: 36 NGOs, 35 UN Agencies, 7 Red Cross & Red Crescent Movement
- WASH: 38 NGOs, 35 UN Agencies, 7 Red Cross & Red Crescent Movement
- S-NFI: 36 NGOs, 35 UN Agencies, 7 Red Cross & Red Crescent Movement
- Education: 38 NGOs, 35 UN Agencies, 7 Red Cross & Red Crescent Movement

**Classification of Beneficiaries Reached/Age and Gender**

- **3.5M** Natural Disaster Affected
- **2.0M** Host Communities
- **0.9M** Vulnerable People with Humanitarian Needs
- **0.3M** Multiple shocks (IPC phase 3) Affected Population
- **0.1M** Multiple shocks (IPC phase 4) Affected Population
- **0.07M** Undererved Communities

This dashboard provides a snapshot of 5W data in Afghanistan as reported to ReportHub by implementing partners during the period. By analyzing and visualizing information related to projects, activities (including COVID-19-related activities), and services to beneficiaries, the dashboard can assist in identifying patterns, trends, and gaps in their responses.
